

AGREEMENT FOR TEMPORARY, NON-POTABLE CONSTRUCTION WATER SERVICE

1. The water utility service applicant indicated below (“Customer”) has applied for water utility service from Central Bowie County Water Supply Corporation (“CBCWSC”) at the service location indicated below.

2. CBCWSC is under no obligation to provide temporary service. Receiving temporary service in the past is no guarantee of future service at the same or a different location.

3. Our Bylaws and Tariff dictate that all service must be obtained through a membership, and that memberships shall be granted only to owners of real property to which the service is to be provided. However, a person or entity that holds an interest in property solely as security for the performance of an obligation or that only builds on or develops the property for sale to others is not required to hold a membership as a condition to receive service on a limited basis.

4. Under state public health and water utility service regulations [30 TAC 290.46(j)], CBCWSC may not provide continuous potable water utility service to any new construction, to any existing service location where significant plumbing modifications have been made, or to any location where CBCWSC has reason to believe that a cross-connection or other undesirable or unsafe condition exists until the service applicant or customer presents CBCWSC with an executed Customer Service Inspection Certificate (30 TAC 290.47-Appendix D).

5. Notwithstanding this inspection requirement before permanent water service can be provided, CBCWSC is allowed to provide Customer with temporary, non-potable water service for construction purposes only. CBCWSC agrees to provide such temporary construction water service at its standard rates and conditions of service upon Customer’s agreement that:

- A. The water service provided will be used for construction or landscaping purposes only.**
- 2. The water provided will not be consumed by humans or animals.**
- 3. Customer will notify CBCWSC when to initiate the temporary construction service.**
- 4. Customer will notify CBCWSC when activity at the indicated service location has ended.**

6. If Customer fails to abide by any provision of this agreement, water service to the indicated service location will be terminated and will not be restored under any circumstances until a fully executed Customer Service Inspection Certificate has been delivered to CBCWSC. Termination will be made without notice if, in the opinion of CBCWSC’s licensed operator(s), Customer’s service creates an immediate hazard to public health and safety. If no such hazard exists, Customer shall be notified and given a limited time to come into compliance. CBCWSC’s state-approved reconnect fee will be charged as a condition of service restoration if temporary water service is terminated for breach of this agreement.

7. Conditions and Fee Schedule:

- A. Customer must provide some type of documentation which clearly indicates that the customer has some type of interest in the property.**

- B. Temporary service will be provided only when due to extraordinary circumstances, the standard operating procedures place unreasonable hardship on the customer.
- C. All temporary service is at the sole discretion of the General Manager.
- D. Temporary service will not exceed 15 days.
- E. In order to initiate service, \$150.00 cash, money order, or cashier's check will be provided. This fee is non-refundable.
- F. The account will be billed \$90.00 for meter installation/removal, \$10.00 for mileage, \$25.00 for account administration, and \$25.00 for water useage up to 2,000 gallons.
- G. When activity at the location is completed, service will be disconnected, and the meter will be read and removed. All water metered in excess of 2,000 gallons will be billed according to the current rates and fees schedule as described in the CBCWSC Tariff. As of 10/22/21:

\$7.00/thousand gals	2,001-20,000 gals
\$8.50/thousand gals	All over 20,000 gals

- H. The customer will be billed and must make payment within 30 days. Failure to make payment will lead to legal action.

1. Customer name: _____
