Name: \_\_\_\_\_

Account Number: \_\_\_\_\_

Meter Serial Number: \_\_\_\_\_

I request that my water service be disconnected effective \_\_\_\_\_

I agree to pay the **\$25.00 disconnection fee.**

Initial which type of disconnection you are requesting and the conditions.

1. \_\_\_\_\_ I am canceling/surrendering my membership in the corporation.

*I request that my membership fee, less service charge and any bills owed the Corporation be refunded.*

*a. \_\_\_\_\_ I understand that if I should ever want service reinstated, I will have to re-apply for service as a new member and have to pay all costs.*

*b. \_\_\_\_\_ The cost to re-establish service will be determined by the rates and fees in place as established by the Tariff and the cost of equipment at the time service is requested.*

*c. \_\_\_\_\_ Example: As of 2/25/16, the cost of a "reset" begins at **\$192.50**. The cost increases \$15.00/month for each month out of service up to a maximum of **\$1,638.75**. The Tariff defines "reset" as follows: Providing service to an applicant at a location for which service previously existed and the Equity Buy-In Fee has been paid in full or is not applicable.*

*d. \_\_\_\_\_ I understand that future ability to deliver service will be dependent upon system facilities in place at the time and may require additional improvements.*

2. \_\_\_\_\_ I am requesting disconnection only.

*I want the meter turned off and locked. My membership will remain valid; service will be available, but not accessible, until such time as I request that service be restored.*

*a. \_\_\_\_\_ I understand that in order to remain a member in good standing, I must pay the monthly minimum charge for service.*

*b. \_\_\_\_\_ I understand that in order to restore service, I must provide at least 1 business day advance notice to the Corporation. Restoration will only be done during normal business hours.*
