Please keep the following information for your records.

The rules under which we operate require that we grant memberships only to owners of real estate property. We require a copy of a recorded deed for transfers as well as new memberships. We also require a membership application packet to be filled out with all transfers as well as new services. All papers must be completed and signed by the legal landowner. A copy of a current Driver's License is required with all applications.

If you are paying with a check we will need the following information:

Place of employment

Date of Birth

Central Bowie County Water Supply Corporation uses check valves on all meter installations. When this check valve is used, it makes a closed system. A pressure relief valve must be installed to protect against pressure build up caused by water expansion from a domestic hot water heater or broiler. Bodily injury and/or system damage may occur if a pressure relief valve is not installed or is not functioning properly.

Current Monthly Rates:

\$26.00 minimum-usage of 2,000 gallons or less per month.

\$ 8.35 per 1,000 gallons-from 2,001 to 20,000

\$ 9.85 per 1,000 gallons- all over 20,000

Should you use no water at all, you are still required to pay the \$26.00 per month minimum, unless you have made arrangements with the office to have your service converted to a "Dry Tap" in which case the monthly minimum would be \$15.00.

All bills are mailed out on or after the 1st of each month. All bills are due by the 15th of each month. A \$2.50 late charge is added if balance is not paid by the 15th of each month. If the bill is past due-a final disconnect notice will be sent out, giving the final day to pay before the meter is shut off. To restore service all charges due must be paid. The meter will be turned on only during business hours.

There is a \$25.00 charge on all checks returned by the bank.

In cases where a member has rental property, an alternate billing agreement may be signed by the owner of the membership and the tenant for alternate billing arrangements.

Service may be disconnected without notice when:

- (a) Service is connected without any authority by a person who has not made arrangements for service.
- (b) Unauthorized reconnection after service was disconnected for non-payment
- (c) Tampering with water meters or equipment or bypassing equipment for service.
